

V P Programming Toledo APICS

Michael D Wheatley, CPIM
July 17, 2003

All positions of the Board of Directors for the Toledo chapter of APICS are voluntary. While they are somewhat demanding at times, the association is very rewarding. No board member is expected to operate in isolation and has the full support of the board.

The V P of Programming is key to the membership benefits for the Toledo chapter. Since APICS is an education society, it is important that the individual taking this position understands the full scope and is capable of executing all duties in a timely manner. The following is a list of duties expected of this position by the chapter.

- Must be a member of the Toledo chapter.
- Attend regular BOD meetings. This is a voting position.
- Schedule speakers for monthly PDMs.
- Schedule facility tours.
- Work closely with V P Seminars for combination events.
- Work closely with V P Administration for scheduling PDM program and venue.
- Maintain a resource list of presenters and potential APICS events.
- Attend at least one Region III conference per year when scheduled.
