

APICS Principles of Operations Management is a complete education and training program focused on providing individuals with a solid foundational knowledge in the field of supply chain and operations management. The program includes five separate courses that focus on the principles, methods, techniques, and language of operations management.

APICS Toledo presents the first in the series:

Principles of Inventory Management
Classes begin Wednesday, January 28, 2015, 6:00pm-9:00pm

The goal of this course is to impart an operational knowledge and understanding of inventory management principles and techniques, providing participants with a greater understanding of their roles and responsibilities in the control of inventory and the impact that inventory has on a business. Topics include:

- Inventory management fundamentals
- Ordering techniques
- Replenishment policies
- Purchasing Management
- Just-in-time and lean methodologies
- Inventory performance measurement

Classes will be offered at:

Owens Community College
Arrowhead Learning Center
1724 Indian Wood Circle, Maumee, OH

Don't miss out....Complete and return the attached registration form today

Registration deadline is Monday, January 19, 2015
(There will be a late registration fee of \$50 for registrations received after that date.)
