President's Message

Congratulations to the following members on their service anniversaries this month.

1 year **Guatam Barot**
10 years **Jan Hartley**

I'd also like to congratulate **Jeremy Addair** and **Zach Lozar** both of whom recently passed the Strategic Management of Resources exam and **earned their CPIM certification**. With well over 100,000 people worldwide having achieved CPIM it is one of the most widely held and highly respected professional certifications in Operations Management and Supply Chain. **Jeremy Riehl** has passed his **ECO (Execution and Control of Operations)** exam and is now studying Strategic Management of Resources. Jeremy, Zach, and Nick all took instructor led classes with Sheryl Holbrook.

Congratulations also go to **Nick Fasciana** who has just **earned his CSCP, Certified Supply Chain Professional**.

We are delighted to have these 3 newly certified individuals as members of the Toledo chapter.

Thanks also to **Brian Pointer**, who is featured in this month's Member Spotlight, for enabling the chapter to offer a very **successful tour of Calphalon's Perrysburg facility**, unfortunately I wasn't able to attend but I heard that it was a very informative tour and we do appreciate those companies willing to allow chapter members to tour their facilities.

Finally, we're coming to the end of another chapter year and one of the final events of the year will be our annual meeting. At the meeting, reports will be presented covering chapter activities for the year, the chapter's financial status, and elections for the new Board of Directors will be held.

There are opportunities for chapter members to join the board and take a role in helping direct the chapter, promoting chapter activities, meeting the needs of its members, promoting the advancement of Operations and Supply Chain Management, and ensuring the chapter maintains its status within the APICS Community as both a Premium Channel Partner and Platinum CBAR.

If you are interested in finding out more about the board and the various board positions please contact me or **Sheryl Holbrook**, our Executive Vice President.

Bruce Brechin, CPIM, CSCP
President

Member Spotlight

Brian Pointer, CPIM, CSCP

Current Employer: Calphalon, Production and Inventory Control Manager
Time at Employer: 9 months

What do you like most about your position?

In supply chain, you have the ability to impact nearly every part of the business. We are often power users of our ERP systems, making supply chain pros extremely valuable members of our operations teams.

What do you consider your biggest accomplishment at work?

I am very proud of my APICS certifications. They represent an incredible amount of hard work and study!

What do you see as challenges (or future challenges) in supply chain?

One of the biggest challenges is, and will likely continue to be, discovering talent. We have a number of unfilled supply chain positions, and leadership is especially hard to come by.

How has the APICS BOK (Body of Knowledge) helped in your career?

The backbone of every MRP system is built on APICS planning principles. My understanding of these topics can be heavily credited to my studies for the APICS exams.

What is a super power you'd like to have?

Invisibility would be a pretty cool super power. I am a total practical joker, and being undetectable could open up a world of hilarious opportunities!

What is one thing you couldn't live without?

My family. I have a wonderful wife, and three great kids. They are the reason for everything I do.
