

Upcoming January Event

PO Box 2823, Toledo, OH 43606

Every month, APICS Toledo Chapter hosts a Supply Chain Event for members, guests, and students. Events consist of Professional Development Meetings (PDM), Plant Tours, Social, and Board Meetings. This is a great way to enhance your supply chain knowledge and earn certification maintenance points.

Joint Meeting with University of Toledo APICS Student Chapter

Ice Cream Sundae Production: From Job Shop to Lean Flow

This interactive workshop will compare a job shop layout to a lean flow line while participants assume the role of consumer order entry professionals, production planners, workstation operators, inspectors, and hungry customers placing orders!

The session involves two major exercises: first, a simulation of a traditional job shop layout; and then, creation of a flow line to demonstrate the improved lead environment.

Attendees will gain knowledge of the following concepts:

- The advantages of empowerment and engagement
- Lean improvements in productivity, space requirements, lead time, and quality
- Some secrets you never knew about Lean (which contradicts the so-called “experts”)!

Facilitator: Sheryl Holbrook, CPIM, CSCP, APICS Certification Instructor, President APICS Toledo

After dinner, enjoy ice cream sundaes for dessert!
