

CLTD

ADVANCE YOUR LOGISTICS CAREER. EARN THE APICS CLTD.

The APICS Certified in Logistics, Transportation and Distribution (CLTD) certification provides you with the information you need to meet today's supply chain logistics challenges.

What's the APICS CLTD?

Created by APICS and a team of subject matter experts, the CLTD designation covers a comprehensive body of knowledge that sets the global standard for best practices in logistics, transportation and distribution.

Is the CLTD right for you?

The APICS CLTD is designed for logistics professionals across all industries, especially:

- Logistics managers/engineers
- Supply chain logistics managers
- Traffic managers
- Transportation/fleet managers
- Warehouse operations/distribution managers
- Reverse logistics managers

No matter where you are in your career, earning the CLTD credential will demonstrate your mastery of a broad range of logistic, transportation and distribution topics.

About the Course Instructor – Danielle D. Long, CPIM, CLTD

Danielle is a former University of Toledo alumni with a degree in Supply Chain Management and Business Economics. Danielle became both CPIM and CLTD certified in 2016. Shortly after receiving these credentials, she completed the APICS Instructor Development course with the intent of instructing for the Toledo Chapter. She has several years of experience working as an Injection Mold buyer in the Automotive Industry and has spent the past 3 years heavily involved in the APICS Toledo Chapter Board of Directors. Danielle first joined the board as a student member in 2014 and has held several positions since including Student Chapter President, VP Student Liaison and now Executive Vice President.
