

President's Message

GOOD NEWS....We have a number of exam successes to report! First of all, congratulations to **Jared Erickson** and **Nicole Zolman** for passing the CPIM Part 1 exam. Jared and Nicole both work for Johns Manville in Defiance, OH. Jared is a Production Scheduler and Nicole is a Customer Service Representative, and they are both participating in **Johns Manville's** private in-house CPIM class.

And, please join me in congratulating **Eric Reed**, **Cory Tressler**, and **Jinesh Dugar**, who have also passed the CPIM Part 1 exam. Eric works for **Hirzel Canning Company**, which is headquartered in Northwood, Ohio, and he attended APICS Toledo Chapter's CPIM Part 1 certification review class last fall. Cory and Jinesh are students at **The University of Toledo**, and they attended the same class as part of APICS Toledo's CPIM Student Scholarship program. Good luck to everyone as you continue on your journey toward CPIM certification!!

Education Report

Welcome to 2019!

"All our dreams can come true, if we have the courage to pursue them."

- Walt Disney

The CPIM part 2 class starts on February 9th and will be for 8 alternate Saturdays. If you have taken the CPIM part 1 or Basics of Supply Chain we encourage you to join us. The APICS Certified in Production and Inventory Management (CPIM) program is recognized worldwide as the standard in production and inventory control. Through the CPIM preparation and exam process, you will gain knowledge, learn skills and best practices required to execute and improve all of the internal operations within the four walls of your company. Our next CPIM part 1 class (Basics of Supply Chain) will be on Thursday evenings starting May 16th.

Snow delayed the start of the Certified Supply Chain Professional (CSCP) class; the new start date is Saturday February 2nd. If you are interested in obtaining the CSCP certification, please drop me a note. We do not have another class scheduled for this year but if we have enough interest we can add a class before the end of 2019.

Our CLTD class is scheduled to start May 15th; this will be held on Wednesday evenings from 6-9pm. If you are considering updating your resume with this designation, you have time! Registrations for this class will need to be received by May 1st.

These instructor-led classes will be held on the University of Toledo campus.

The University of Toledo APICS Student Chapter

UToledo APICS had a GREAT first meeting of the year with our Joint APICS session! Tons of APICS members and Students came out to eat, network, and participate in the experiment! We are hoping to continue this excitement with our semester kickoff meeting this Wednesday; where we will fill vacant board seats and work to bring in more events for UT students. We are currently planning some plant tours, as well as a speaker for March. Once again, Thank You to everyone who came out to the meeting in January!
